Friends,

Veterans Day 2022

Today is Veterans Day. My family and I extend our deepest gratitude to the brave men and women who have served our country. We owe our veterans a tremendous debt that can never be repaid.

I hope that you and your families enjoy this long weekend while taking time to honor our veterans. Our military veterans exemplify the great American values of patriotism, sacrifice, and honor.

If you or a loved one require assistance with the Department of Veterans Affairs or are not receiving adequate care, [my office is here to help you.](#)

Legislative Priority Survey

As Congress gets back into session, we face a number of important challenges. I want to hear what you think are the most important essential fights ahead. Your feedback will greatly help me to serve you.

I want Congress to prioritize:

Border Security

American Energy Security

Reducing Inflation

Election Integrity
Reigning in Big Tech
Ukraine Funding
Education and Fighting CRT

*Submit survey to sign up for updates on my work in Congress.**

Tropical Storm Nicole

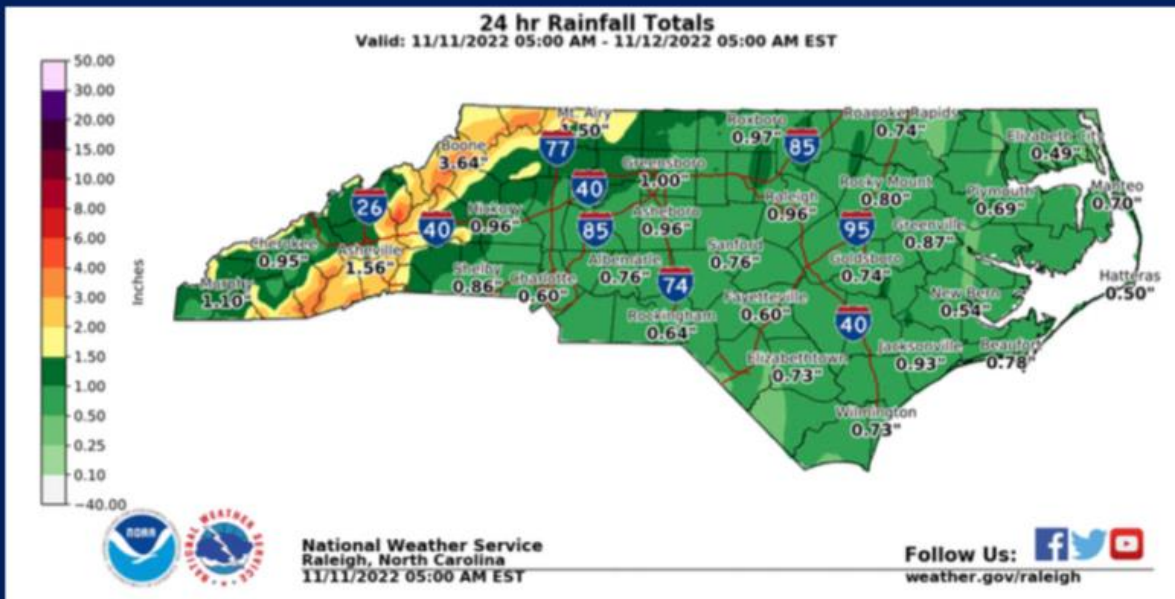

Yesterday, Tropical Storm Nicole made landfall in Florida, and is passing over North Carolina today. The storm continues to weaken, and while it doesn't currently pose a major risk, North Carolinians should still stay vigilant. Our area will likely receive 0.5-2 inches of rain.

NC Emergency Management is warning that there could be some severe weather in southeastern NC and western NC. Damaging wind gusts and locally heavy downpours are the primary threats during this storm.

My office stands ready to assist our constituents during and after the storm. More information and resources can be found at the NC Department of Public safety website.

ADDITIONAL RAINFALL FORECAST

5AM Friday, November 11, 2022 – 5AM Saturday, November 12, 2022

The heaviest rain today will be along and near the Blue Ridge Escarpment, where storm total rainfall amounts of 3-5" are expected, with locally higher amounts possible along southeast facing slopes. These rainfall amounts could lead to areas of flash flooding and the potential for isolated landslides.

Now Hiring Spring Interns!

My office is now hiring Spring interns. All internships are paid and offer students the opportunity to gain valuable experience serving on Capitol Hill.

Interns will be asked to answer phones, conduct research for the Member and legislative staff, assist the communications team, attend hearings and briefings, and participate in educational opportunities.

Any interested applicants should email their resume to Kennon.later@mail.house.gov
